Khoisan Tea proudly presents its exclusive 100% Organic Rooibos Matcha Tea

Khoisan Tea (Pty) Ltd in Cape Town, South Africa is most pleased to present its exclusive 100% Organic Rooibos Matcha Tea.

The whole leaf is stone-ground in Japan

Khoisan Tea (Pty) Ltd grows its own organic Rooibos Tea in the beautiful Cederberg area in the Western Cape of South Africa.

Organic Rooibos Tea has a rich and aromatic flavour. It is naturally caffeine free and contains anti-oxidants while having low tannin levels (this means the tea can never taste bitter).

Because Rooibos Tea is caffeine free, it can be enjoyed even in the evenings or at night and is safe to give to children and babies.

Rooibos Tea lovers are well aware of the many health benefits and calming and relaxing effect on body and mind which this herbal tea entails.

Khoisan Tea (Pty) Ltd, known for its pioneering spirit, made use of its popular Organic Rooibos Tea products to create its new and almost exclusive Organic Rooibos Matcha Tea. Khoisan Tea is delighted to present it to all Matcha Tea enthusiasts now.

After harvesting the organic Rooibos, Khoisan Tea (Pty) Ltd sends the leaves to Japan to get stone-ground into a finest powder; this is done on specially designed granite stone mills, just like traditional Green Matcha Tea is done, using the whole leaf (Rooibos needle). Grinding the leaves is a slow process. The mill stones are kept cool so that the aroma of the leaves is not altered.

KHOISAN TEA IMPORT AND EXPORT (PTY) LTD
